Development Professional and Strong Technical Awareness

I have a strong desire for skills about developing software, and I show an interest in many of software development groups, because it is necessary to me that I am thinking outside the box when trying to implementing applications or solving some of problems of products. Thinking and learning is just my life.

✓ **Main Development Language:** *Android/Java*
✓ **Continuous Integration Tool:** *Jenkins*
✓ **Mobile Analytic Tool:** *Flurry & Facebook*
✓ **Unit Testing Tool:** *Junit, Mockito, Power Mockito, Robolectric*
✓ **UI Integration Testing Tool:** *Robotium, Calabash and Cucumber*
